

St Raphael's Catholic School

Term 4, Week 10/B Newsletter
16 December 2019

Dear Parents,

HSC results are circulated tomorrow and I want all to know that we are very proud of our Year 12 students. That every Year 12 student finishes their schooling already placed in work, training or studies is wonderful but even moreso are we proud of the calibre of character the fine young adults have developed. We pray that each of them is richly blessed as they make their way into adulthood and shape their lives around strength and gentleness.

Presentation Day today had the whole school on display for the community. What we choose to recognize and award says a great deal about our school and we appreciate the parental support and presence on these special days in the school's calendar. We recognize excellence, we recognize hard work, we recognize fairness and compassion – these are pivotal skills for a good life.

Semester Reports and Awards Day provide the pleasant duty of looking back over the achievements of the year. Stepping back gives a wider and better perspective. The daily grind of little problems actually diminishes alongside the excellence of achievements and growth.

Reports give an account of formal learning in school, person by person, for the last two terms. Documentation is a massive and very important task that we take very seriously. We aim to provide a comprehensive picture that will be a source of pride and satisfaction as well as a platform for planning learning in the new semester. Reports will be circulated this week.

Staff members of our school invest hugely and personally in the lives of your children. The time, the commitment, the personal investment is extraordinary and I am privileged to work daily alongside such wholesome people. To aid learning is an investment in the future and, between the works of good families and good staff members, our children here have a very sound foundation. Come and pray with us at the end of year Mass on Wednesday at 9:30am.

Mrs Inel Date and Mrs Chloe Brooks are both taking leave for twelve months and I want to acknowledge with gratitude the extraordinary work and influence of the two

powerful professionals. I wish them every blessing in their endeavours in 2020.

I want to specifically acknowledge the extraordinary work of the School Leadership Team this term. They both taught and carried out their own executive duties with professionalism, energy, thoroughness and good will.

Thank you for the support you parents have given to the school in 2019. There isn't a school anywhere that survives without active support of parents. Our school continues to grow due to your good will and help.

Finally, our patron Saint, Raphael, is also patron saint of travellers, physicians and young people. I pray that this Christmas Jesus will be brought to life in your family and in our world and that St Raphael protect our travellers and our young people and bring healing through Christmas to those who suffer.

Third Week of Advent

Dear Jesus,
Help us focus on you during
this busy season.
May we stay aware of the joy
you bring into our lives.
We want to find you in the everyday
moments and come with hearts of
gratitude to your manger on Christmas.
Amen.

Class Parties

It's time to celebrate the end to another fantastic year of learning! All infants and primary students will be holding their end of year parties tomorrow, Tuesday 17th December and they are invited to come to school dressed in a Christmas theme.

Teachers will have already been organising the celebrations with the children. Infants students will dance the afternoon away at their annual Infants disco which will be held in St Brigid's Hall.

Year 2 Water Quality Investigation

On Thursday of Week Nine, Year Two finally had the opportunity to do some water quality testing in the Lachlan River. After our findings, Year Two can happily confirm that the water flowing in the Lachlan River near the Low Level Bridge is relatively clean. We made these discoveries after testing the water for sensitive, water bugs. We found a variety of bugs, some very tolerant, some tolerant and thankfully some sensitive bugs.

Year Two also decided that leaving nappies, food packaging and allowing dogs to leave their droppings on the river bank is very harmful to the river system. This saddened us to see the pollution on the banks.

On a happier note, Mrs McGoldrick was driving past and thought she'd join in with our investigation. She was greeted with great excitement from the children. We were also grateful for the help from Mrs Clarke, Emma Wilkinson and Mrs Doolan.
